

Bernie Says: *“The American people must make a fundamental decision. Do we continue the 40-year decline of our middle class and the growing gap between the very rich and everyone else, or do we **fight** for a **progressive economic agenda** that *creates jobs, raises wages, protects the environment and provides health care for all?* **Are we prepared** to take on the enormous economic and political power of the *billionaire class*, or do we continue to slide into economic and political oligarchy? **These are the most important questions of our time, and how we answer them will determine the future of our country.**”*
